  - a. Requesting mortuary affairs assets by standard requirement code (SRC).  
Note: See FM 4-20.64 for additional information on unit SRCs.

Note: See FM 3-35, ch 2, para 2-4.
  - c. Flow of mortuary affairs assets into the OE.  
Note: Joint Operation Planning and Execution System (JOPES) provides the mechanism to submit movement requirements to lift providers in the form of a TPFDD.
    - (1) Personnel movement by air.
    - (2) Equipment movement by sea.
3. Advise Component Commander on requirements for Reception, Staging, Onward Movement, and Integration (RSOI).  
Note: See FM 3-35, ch 4, for more information. Once RSOI is complete mortuary assets transition to operational assets.

(Asterisks indicates a leader performance step.)

**Evaluation Guidance:** Score the NCO a Go if all steps are passed (P). Score the NCO a NO-GO if any step is failed (F). If the NCO fails any step, show what was done wrong and how to do it correctly.

**Evaluation Preparation:** Use a predetermined site. Provide the NCO with required personnel and equipment to perform the task. If mannequins will be used for training purposes ensure they are handled as actual fatalities.
